

All your company needs

There's a Sordin hearing protector for every need – from robust passive to advanced electronic models. They all have one thing in common, though: Sordin quality – the excellent comfort, ruggedness and performance that generations of users worldwide have come to associate with our products.

Sordin Share

A full-blown communications solution for teamwork intercom in noisy environments. There's simply nothing like Sordin Share today.

Sordin Sharp

Built-in Bluetooth® Multipoint lets users toggle easily between your company's 2-way radio system and their favorite playlist or podcast.

Sordin left/RIGHT

A glamorous brand and full-range product family, favored by Formula 1 teams and Hollywood stars for its ergonomic and stylish design excellence.

Sordin Seal

We let Sordin Seal serve as the design model for Sordin Sharp and Sordin Share. It says a lot about our esteem for this passive wonder.

Sordin Classic

Some products don't need hotting up, they were simply great from the start. Like Classic, available in three models with different attenuation levels.

Sordin Supreme

Designed for the most rugged environments imaginable, it's the excellent sound reproduction that made Sordin Supreme legendary.
