WHY WE DO WHAT WE DO!

At TTTM we have declared it our personal challenge to support all dreamers, and those who aspire to become dreamers, in the best possible way – enabling them to discover their fullest potentials by establishing an inspiring and transformative mindset. We strive to make the lives of our dear co-inhabitants on this wonderful planet as easy, adventurous, fun and as comfortable as possible by offering timeless and sustainable solutions with passion for fine details.

HOW WE DO IT!

We are certain that we all can only bring forward our personal best if our actions and interactions are cooperative, honest, fair, fun and sustainable. And so we act. In order to personalize your very own TTTM experience, we design and construct our gear in-house. This way, we can offer you the best products and include the exact features you desire at fair prices. As we sincerely believe that the best results can only be achieved by the deep collaboration, we welcome and live diversity in our

international and multicultural team. This fact, combined with constant product analysis and development in our ongoing utopian search for perfection, keeps us at the forefront of innovation in hammock manufacturing. The entire range of Moon Hammocks is handmade by experienced craftspeople, some of whom have been with us since the beginning. Using only the highest quality and skin-friendly (PFC-Free & OEKO-TEX® Standard 100) materials, each product is tested under extreme conditions and passes strict

QUALITY

COMMUNITY

ETHICAL

quality control procedures before it travels to you. The 10-year manufacturer's warranty covers any defects in workmanship and materials on all Ticket to the Moon products.

GIVING BACK is vitally important to us! Hence, a significant amount of the profits directly go into TTTM's very own Foundation, whose mission is to strengthen the resilience of disadvantaged communities in Indonesia. [More info → page 90](#)

FAIR PRODUCTION!

Our long-term goal is to raise awareness of larger global challenges such as sustainability and fair production issues. In all our operations we aim to bring advancement to the community while respecting and supporting the local social structures.

ACT LOCAL! The main part of our helpers and materials originate from Indonesia — our beloved nest and home. All our employees are over 18 years of age. Our honest, humane and

fair corporate values mean that all staff within the TTTM family enjoy proper working conditions with social security, a pension, and a salary that is far higher than the regional average. A big part of our profit is annually redistributed equally between employees, based on the number of years they have been with us. Everybody bonds into a unique social tribe, being passionate about our journey to the moon together.

“We live and work in
Bali, produced at our home”

MINIMIZING OUR CARBON FOOTPRINT

By using locally sourced materials and investing in innovative upcycling methods, we aim to have a minimal impact on the environment. This includes product and packaging design issues, and aspects of local manufacturing. Any spare fabric is turned into eco-friendly products or is recycled into new fabrics.

The ongoing urge to minimize our carbon footprint engendered the motto: “nothing is left to waste because we care.”

QUALITY CONTROL AT TTTM

Quality is our third pillar (where it gets really nerdy) besides acting **Ethical** and our **Community** approach. To follow the hammock flow, let us start with the incoming material. Upon its reception, samples of all security-relevant components are collected and taken into our testing room.

PRODUCTS TESTING MACHINE

Before entering production, they are torn by our tensile testing machine, while the measuring sensors record the parameters and save a protocol for our QC database. Some parts, like the S-Hooks for example are tested constantly from each batch produced. For fabrics we developed a unique testing procedure that makes sure that the fabric is suitable for hammocks and that the quality stays the same for every batch and colour.

The sewing of our straps is monitored. We also test final products regularly to ensure that we do not miss anything.

PARACHUTE HAMMOCKS

Since 1996, Ticket to the Moon has been the original parachute nylon hammock manufacturer. Designed and created by travellers for travellers, our hammocks are tested in every climate around the world and are equally suitable for a serious adventurer's trip as well as daily use.

Once you try a moon hammock, you'll never miss your tent again! Enjoy a comfortable

sleep and «off the ground» protection from water, insects and small animals. Ticket to the Moon parachute hammocks have many handy attributes: lightweight yet robust, spacious but portable, set up and takedown less than a minute, rot-resistant, machine washable and fast drying. The elastic and breathable nylon adjusts perfectly to your body contours, allowing for optimal blood circulation and relief.

EXPRESS SETTING BAG

This unique and versatile feature comes together with all our hammocks and adds tremendously to their functionality. It enables you to set up and take down the hammock quickly.

Hanging a hammock is often allowed, whereas pitching a tent is not. Our hammocks are delivered with stainless steel S-hooks or high-grade aluminium carabiners. Our hammocks are ideal for every occasion — whether you are travelling, spending a day in the park with friends, or just staying at home. Play, relax, take a nap or sleep all night in your Moon Hammock!

"The best part of sewing Ticket to the Moon Hammocks is that you know they will go on adventures across the planet"
Darsi, stitching since 2011

HONEYMOON

(TMHM)

Weight	1420 g
Length hook to hook	500 cm
Width	300 cm
Max. load	300 kg
Fabric length	480 cm
Breaking strength	>760 kg

The Honeymoon Hammock is the ultimate option for those who aim for maximum comfort. It is much more spacious than a King Size, yet easier to install than our Mammock. You might even consider adding a mattress inside and get surprised by this sensation. It is ideal for couples, and larger folks.

LIGHTEST

(TML)

When going far, or if for you every gram counts, even a conventional travel hammock may be too heavy. Others just love the idea of having a hammock that can be truly brought anywhere, and always without having to leave other things behind. After many years of searching for an even lighter fabric that provides the level of safety and comfort typical for Ticket to the Moon, we are excited to present our Lightest hammock.

It is an ultralight setup that is made of a locally produced, high-performance crinkle nylon textile. This award-winning packing wonder with a full length of 300 cm hammock body is suitable even for taller people without compromises in comfort. It weighs only 228 grams including the express setting bag, and with 6 kN mini-carabiners and special UHMWPE-rope it will literally fit into your pocket.

LIGHTEST PRO & ORIGINAL PRO

The TTTM PRO Hammocks are the serious adventurer's choice and therefore are designed as an easy-to-use and always-ready solution for sleeping outdoors with insect protection and ridgeline. Extra effort has been given to maximise comfort and functionality while minimising weight. Set up in less than a minute, its extended 310 cm hammock body gives you extra room to spread out and enjoy astonishing comfort, particularly when lying at an angle.

“No-see-um” insect protection — the integrated yet stowable bug net made from carefully selected premium micromesh fabric provides excellent insect protection, lets you breathe easily and it will also deflect wind to provide a calm space inside. Four zipper heads with handles allow convenient double-sided access.

Perfect hang guaranteed every time — an integrated and adjustable ridgeline maintains the same comfortable shape every time to keep your back straight and level when resting diagonally. It comes with a handy organiser/storage bag system for the net and for personal gear. External loops let you neatly guide your underquilt, attach your gear and serve as tie-outs to make sure you are smitten, not bitten, on your trip. The brand-new ORIGINAL PRO offers the

same features as its lightweight sibling, while we added extra width for even more comfort during your journeys. Made of our popular 64g/m² standard travel range nylon, it is more robust and less stretchy, which opens this versatile adventure tool even for couples, and larger folks.

MAT HAMMOCK ORIGINAL

NEW PRODUCT

While we are convinced that our Moonquilt series offers the best sleeping comfort in the outdoors, we see that there are a few scenarios in which a mattress-friendly hammock solution can save the day. This 1,7m wide hammock comes with a pocket that fits all standard mattresses. To make sure that you are as comfortable as possible, we included a ridgeline into this hammock- perfect sag guaranteed! With this new travel companion, even when hanging your hammock is not possible you can still rest on the ground instead.

HOME LINE

NEW!

We are unbelievably happy to share this new range with you that we have been testing and improving for a while now. Our standard hammocks do a pretty amazing job at home and are just brilliant companions for your outdoor adventures. The home line comes in as the "Yang" for more stationary dreamers and a massive comfort upgrade.

HOME HAMMOCKS

What are we so excited about? They come in three sizes and shine in six sparkling earth tones. This special blend of selected threads and refined weaving technique boasts with a particularly soft touch on the skin, yet the fabric will allow you to sink in exactly where you want to.

The thicker material is more robust and less sensitive to UV light, which considerably extends the lifetime of your home hammock. The stretch is right on the point and with the included sleeve you can leave it outside all the time or enjoy the elegant and sleek style. They can all be used by two or more persons, while you can also dive in all by yourself. An excellent piece of furniture and a travel option for all vanlifers and less weight-sensitive explorers!

HAMMOCKS ACCESSORIES

MOONTARP

(TMTARP)

TOP SELLER

This diamond-shaped tarp can be used with standard hammocks, or on its own as an instant protection from the elements. The reinforced seam-sealed corners and tie-out points make it very durable and adaptable. The blue coloured ridgeline tie-outs come with carabiners for easy orientation and fast installation. Four additional eyelets allow for different set-up modes using additional cordage or poles. The adjustable guy lines are kept in convenient breathable corner pockets for safekeeping.

Material — PU - coated ripstop nylon
Weight — 700 g
Size — 250 × 250 cm
Diagonal — 350 cm

- Waterproof 2000 mm
- Covers all TTTM hammocks except Honeymoon and Mammock
- Shields from rain/sun/wind
- Includes 2x Y-shaped 18 cm aluminium pegs and 4 adjustable guy lines
- Quick-release buckles for easy set-up
- Compact and lightweight
- Comes in Moon Pouch
- Contrast color ridge line for easy set up with carabiners
- Mesh pockets for all guy lines

FULLMOON TARP

(TMFMTARP)

TTTM TEAM FAVORITE

The Full Moon tarp is an advanced all-weather protection that you can set up in a variety of configurations. Whether it be an A-frame tent-like shelter in challenging weather, or as a diamond tarp with maximum airflow and visibility in milder conditions — we have you covered. Thanks to the durable and high-grade 20D Sil-Nylon fabric, this tarp is not only fully waterproof and lightweight, it is also pretty quiet even in heavy rain.

- Waterproof 1500 mm
- Covers all TTTM hammocks except Mammock
- Shields from rain/sun/wind
- Includes 6 x Y-shaped 18 cm aluminium pegs and 12 adjustable guy lines
- Quick-release buckles for easy set-up
- Compact and lightweight
- Comes in Moon Pouch
- Seam sealer and repair patch included
- Contrast color ridge line for easy set up with carabiners
- Mesh pockets for all guy lines

Material — 20D ripstop Sil-Nylon
Min. weight — 588 g (4 guy ropes)
Max. weight — 750 g (12 guy ropes & 6 pegs)
Size — 310 × 295 cm
Diagonal — 428 cm

LIGHTEST TARP

(TMLTARP)

MINIMALIST'S CHOICE

- Waterproof 2000 mm
- Covers all TTTM hammocks except Mammock and Honeymoon
- Shields from rain/sun/wind
- Includes 2 x Y-shaped 18 cm aluminium pegs and 4 adjustable guy lines
- Quick-release buckles for easy set-up
- Compact and lightweight
- Comes in Moon Pouch
- Seam sealer and repair patch
- Contrast color ridge line for easy set up with carabiners
- Mesh pockets for all guy lines

Material — 20D ripstop Sil-Nylon
 Min. weight — 373 g (4 guy ropes)
 Max. weight — 412 g (4 guy ropes & 2 pegs)
 Size — 250 × 250 cm
 Diagonal — 350 cm

Fast protection from rain, sun and wind, while cutting weight to a minimum!

Install it high for maximal shadow and air-flow, or low to keep rain and wind away. The reinforced sides, corners and tie-out points make this minimalist piece of gear impressively sturdy. The Sil-Nylon 20D material enables the Lightest Tarp to offer full features, as it comes with quick-release tension buckles on all four corners,

two pegs and extra tie-out loops. The blue coloured ridgeline tie-outs come with carabiners for easy orientation and fast installation. You will surely love it. All guy lines are kept conveniently in breathable pockets so they do not get tangled.

CONVERTIBLE BUG NET 360°

★★ starlover's choice

(TMNET)

You want to enjoy full protection, great functionality, a minimum of weight and yet be able to breathe easily? With this versatile 395g net you will no longer be bitten from below thanks to the smart 360° set-up! It is compatible with standard hammocks (without spreader bars). The soft yet robust polyester mesh will even keep away the tiniest insects, snakes, rodents and other critters. The fully convertible top quickly opens

thanks to double circular YKK zippers — for extra freedom of movement when the coast is clear or you want to increase airflow. Put a shirt into the soft pouch and use it as a pillow. For starlovers, we recommend the black net.

MOONQUILT ALLROUND

(TMMQA)

Outer material — 70D Crinkle Nylon
 Inner material — 20D Crinkle Nylon
 Weight — 1280 g
 (1120g quilt only + 100g hood + 60g bag)
 Size — 200 × 140 cm
 Filling — 115g/m² 100% RPET Insulation
 ECODOWN by Thermore®

Moonquilt
 Temp. Range — >5°C (COMFORT)
 Sleeping bag
 Temp. Range — 8°C (COMFORT)
 5°C (LIMIT)
 0°C (EXTREME)

The Allround is the successor of our original Moonquilt and its name already gives it away. Besides being one of the best Underquilts on the market, it offers a lot of functionality. In windy conditions, you can zip up the recycled synthetic three-season underquilt. It so completely envelops you and your hammock. The two zippers and adjustable elastic shock cords let you conveniently adjust the level of insulation from within your

hammock. Small pockets on the corners keep cords and mini carabiners neatly packed away when using it as a sleeping bag or blanket. In style, we also include a hidden pouch to keep essentials at hand.

- Detachable Hood
- Machine Washable at 30°C
- Mildew Resistant
- Water repellent
- Underquilt use
- Blanket use
- Sleeping bag use (even around the hammock)
- All-In-One solution

MOONQUILT COMPACT

(TMMQC)

The Moonquilt Compact is a minimalistic, yet comfortable and ready-to-use three-season underquilt. Fabricated mainly from recycled materials, it works brilliantly with standard hammocks and our Moonblankets.

- Outer material — 70D Crinkle Nylon
- Inner material — 20D Crinkle Nylon
- Weight — 770 g
(715g quilt + 55g bag)
- Size — 210 × 135 cm
- Filling — 115g/m² 100% RPET Insulation
ECODOWN by Thermore®
- Moonquilt
Temp. Range — >5°C (COMFORT)

MOONQUILT PRO 650 850

(TMMQP650)
(TMMQP850)

- Conscious high-performance duck down
- Compatible with standard hammocks
- Lightweight
- Resists wetting
- Maintaining the insulation properties and breathability even when moist
- 250 times more water resistant than standard down

As the first company in Bali with a down-importing licence, we decided to get right to it and are proud to present this unique duo of down underquilts. They come in 650 and 850 Fillpower (Nikwax hydrophobic DWR and RDS certified) duck down and will surely keep you as warm and comfy during your adventures as only down can. The 650 model is rated until 2°C comfort (even for sensitive persons), while with the Pro 850, you can hammock below freezing. To keep them lightweight, we decided to use our super soft 20D lightest fabric. We recommend using them with our PRO Moonblankets.

MOONQUILT PRO 650

- Outer material — 20D Crinkle Nylon
- Inner material — 20D Crinkle Nylon
- Weight — 750 g
(705g quilt + 45g bag)
- Size — 210 × 135 cm
- Filling — NHD® certified in RDS®
(650 fill power; 280g down)
- Moonquilt
Temp. Range — >2°C (COMFORT)

MOONQUILT PRO 850

- Outer material — 20D Crinkle Nylon
- Inner material — 20D Crinkle Nylon
- Weight — 810 g

- Size — 210 × 135 cm
- Filling — NHD® certified in RDS®
(850 fill power; 325g down)
- Moonquilt
Temp. Range — -2°C (COMFORT)

MOONBLANKET

- Minimalistic and convertible:
Topquilt, Blanket and Poncho
- Sustainable materials used
- Mildew resistant
- Water-repellent
- Keeps you warm, even when moist
- Footbox
- Neck protection

MOONBLANKET COMPACT

(TMBCOM52)

We are happy to announce our new range of Topquilts for next-level adventures with or without your hammock. Our colleagues in Bali affectionately refer to them as “Sombreros”. For clarity reasons, we still decided to name them Moonblankets. They are the counter-part or rather the addition to our Moonquilt range. At the same time, they are much more and it will often make sense to bring them along even if hammocking is not on the agenda.

- Outer material — 70D Crinkle Nylon
- Inner material — 20D Crinkle Nylon
- Weight — 810 g
(755g blanket + 55g bag)
- Size — 205 × 135 cm
- Filling — 100% RPET Insulation
ECODOWN by Themore®
- Moonblanket
- Temp. Range — >5°C (COMFORT)

UV SLEEVE

(TMHSUV)

200%
UV STABILITY

Protects your hammock like a second skin.
An essential optional accessory if you plan to leave it in the sun for an extended time. It keeps your hammock clean and stops the wind from flapping it around when not in use.

RIDGELINE

- UHMPE adjustable ridge-line 220-320 cm
- 2x 6kN carabiners
- Organizer (6 compartments)
- stainless-steel rings

With this structural and adjustable ridgeline kit, you will certainly hang like a pro and find your perfect position-everywhere and always! Installation is super easy, and you will sleep much better! A clever fusion of state-of-the-art materials and locked Brummel eye splice loop and whoopie sling technology make this new accessory attractive for everyday use. With two 6kN carabiners (7075 aluminium) it can be attached to the hammock and by simply holding and pulling on the marked spots, it can be shortened and extended to a maximum length of 320 cm. Thanks to the smart organizer bag, your essentials are always within reach and safe, while your shoes and clothes dry off the ground! In total

you will find five compartments: 1 x main, 5 x side compartments. With gravity and elastic elements, everything safely stays inside. The main pocket can be closed and can even carry a water bottle without problems. This overhead storage is big enough to carry the modern adventure essentials, yet small enough to not disturb your Zen space. Thanks to the integrated and knot-less slider, it moves smoothly wherever you need it.

(TMRIDGE)

Material	— PU coated 3 mm UHMWPE rope
Weight	— 80 g
Length	— 220 - 320 cm
Max. load	— 200 kg
Breaking strength	— 450 kg

ATTACHMENT KITS

(TMROPE)

NAUTICAL ROPE KIT

Extremely durable, sturdy and safe rope hanging system. This minimalistic approach, invented by Ticket to the Moon more than 20 years ago, changed the hammock world forever. Anyone can hang a hammock in seconds, without tying any knots.

Length	2.4 m
Diameter	Ø 5 mm (preknotted)
Weight	230 g
Max. load	200 kg
Material	100% Nylon
Breaking strength	>580 kg

(TMSTRAP)

MOON STRAPS

TREE FRIENDLY

This daisy-chain webbing is super strong, anti-slip, and extremely easy to use. Perfect for application on trees with a sensitive bark, or for hammocks that are used by more than one individual.

Length	2.7 m
Width	2 cm
Weight	216 g
Max. load	300 kg
Material	100% Polyester
Breaking strength	>760 kg

LIGHTEST STRAPS

TTTM TEAM FAVORITE

For only 95g you get a tree-friendly and easy to use solution. Perfect if weight matters. Made from UHMWPE rope to last. It even fits into the express bag of the lightest hammock.

Full length	2.5 m
Tree-hugger	L 0.9 m W 20 mm
Rope	L 1.6 m Ø 3 mm
Weight	95 g
Max. load	200 kg
Strap material	100% Polyester (PES)
Rope material	UHMWPE
Breaking strength	>400 kg

STRAP EXTENDER

(TMSE)

Did it ever happen to you that there were lousy 10 cm missing between your hook and the ropes to hang your hammock? Sometimes trees are thicker or further apart than you are prepared for. This is where the Strap Extender comes in. With a pair of tree-friendly polyester straps it becomes easy to extend and or upgrade your Lightest or Moon Strap or your Ropes.

Length ————— 1.55 m
Weight ————— 105 g
Max. load ————— 300 kg
Breaking strength ————— >760 kg

ANCHOR KIT

(TMWALL)

When back home from your travels, why not set up your hammock in the living room? A perfect place to read a book, plan your next trip, or simply enjoy some well-deserved relaxation time. Suitable for application on concrete, bricks and wood.

Max. load ————— 200 kg
Material ————— Stainless Steel

Set of 2 hangers with screws,
wasers and fisher plugs.

CARABINER 22 KN

(TMBINER22)

In case you feel that you want to have even more safety, you will like this carabiner. The extra strength allows you to effortlessly open the gate of the carabiner, while two dream-ers are chilling in their hammock.

Size ————— 8.5 × 5.2 cm
Material ————— A7075
Weight ————— 34.4 g/pc
Closed  ————— 22 kN
Opened  ————— 7 kN

CARABINER 10 KN

Size ————— 6 × 3.9 cm
Material ————— Aluminium 7075 T6
Weight ————— 14.5 g/pc
Closed  ————— 10 kN
Opened  ————— 3,5 kN

If you like to attach gear to your hammock, or feel the need for extra safety for your joyfully playing children, upgrade to our weight-rated carabiners. They were redesigned recently to even better secure your hammock, while saving weight. More so, you will love the additional comfort in setting up your hammock.

(TMBINER10)

CARABINER 6 KN

We designed this carabiner as the most lightweight option. Strong enough in any situation with its 600 kg closed gate rating, it has a custom eyelet for ropes like our UHMPE ropes. Suitable for our Lightest Hammock, it also works as a high-strength accessory carabiner.

Size ————— 4.5 × 2.6 cm
Material ————— A7075
Weight ————— 6 g/pc
Closed  ————— 6 kN
Opened  ————— 1.5 kN

(TMBINER06)

ACCESSORY CARABINER

The perfect clips for securing smaller items like water bottles, knives, and flashlights to your Ticket to the Moon bag. These carabiners function well as key rings and more, while accommodating guy lines.

Size ————— 4 × 2.5 cm
Material ————— A6061
Weight ————— 3 g/pc
Closed  ————— 30 kg

MINI BACKPACK

(TMMBP)

- Hidden pocket
- Eco-friendly
- Washable 30 °C
- Foldable
- Top pocket

It is a helpful companion that will save the day, every day! Launched in 2012, our backpack has been refined several times, and now features supreme comfort and superb functionality.

Size ————— 28 × 42 × 15 cm
Weight ————— 115 g
Capacity ————— 15 l
Carrying capacity ————— 15 kg

We have updated the mini backpack pouch to be suitable in case of hanging on the wall or placing it in the new Backpacks’ dispenser. The shape of the pouch is more related to the pouch of the Backpack Plus and is easier to distinguish from the Eco Bag line. What matters most, the bag gets an extra pocket for keys and sunglasses — yeeay!

POCKET MOONDISC

(TMPDISC)

This is the ultimate toy for all ages — fun to throw, easy to catch and bring along. The rim that is filled with rolled left-over fabric makes it fly perfectly without fear of hurting anyone or it rolling away. As it does not have hard and sharp edges it is great for indoor use and for pool parties. It folds up in a small pouch for carrying and safekeeping.

FOUNDATION & **SOCIAL** PROJECTS

FOUNDATION

In 2006, Charly — the founder of TTTM, as well as other travellers, discovered the indigenous Kodi Tribe in Mandorak in the north-west of the remote Indonesian island of Sumba, and instantly fell in love! With no access to water or electricity, the tribespeople were struggling to survive on subsistence agriculture and fishing. Therefore, we teamed up with the locals to improve their living conditions and build resilience while embracing the ancestral culture. The idea was to provide aid in education, sustainable economic development, renewable electricity and health care.

16 active years later we proudly look back on the fruits of this sustained partnership: malaria victims were drastically reduced by providing mosquito nets, screenings and medicine; a photo-voltaic-powered water well for clean water access was dug; new roads were built to facilitate trade and to bridge the gap between the Kodi and other tribes; a school was built in the style of a traditional Kodi house where pupils are taught both their own as well as Indonesian language; to balance the enhancements in living standards with the preservation of local culture, flora & fauna, we provided materials and training, for example, to curb the common practice of bomb fishing, to develop a waste management plan, and to perpetuate the rich ancestral traditions like unique handicraft work,

horse games, etc. that are threatened by modernity. Responding to a recent change in Indonesian legislation that does not allow our foundation to engage directly in educational and medical topics, we now focus primarily on supporting the education of some of the children indirectly — by buying school uniforms, pencils, books and sports equipment. Besides that, we started an ecotourism project and are in the process of launching a project to further process the traditional local cashew nut cash crop to generate higher incomes in the village. We are more than happy to have around 30 highly motivated helpers from this Sumbanese tribe in our manufactory today. Besides protecting the Kodi land and heritage from foreign investments, we see our employment support as the second main pillar of our Sumba foundation today. In fact, it has become increasingly difficult lately to support the tribe on other levels due to government restrictions and in view of their drastically improved livelihood situation today. We are indeed actively looking for new projects and are open to ideas with the successful phasing out of our Sumba journey.

Besides Sumba, we are very excited about our second project, where we help develop a volcano camp and Eco Lodge in Bali that will be presented on the next page.

“

The TTTM foundation has been supporting me for many years now. Thanks to them I was able to go to university and collect a lot of information from other parts of Indonesia and the world. Today I am back in my village and am the leader of the cashew farmer's group. By forming this association, we secure higher incomes for our farmers.

Dominggus Ndara Milla

VOLCANO CAMP

We love celebrating our Indonesian roots, and we feel obligated to lend a helping hand when necessary. Bali and the communities surrounding Mount Agung have been feeling the impacts of several volcanic eruptions over the last two years. These natural disasters have prompted evacuations and damaged surrounding areas. Many of Bali's residents and small businesses have been disrupted as a result. These persevering and unwavering people deserve relief, and we believe our special projects are just the ticket.

Welcome to the TTTM Lodge — our response to this growing problem and a great way to energise the Balinese community. We're sponsoring a number of exciting recreational activities meant with widespread appeal. Mountain biking, downhill biking, rock climbing, volcanic hiking, and pinewood-forest exploration are just some of the thrilling adventures we offer.

We've also created a public campground — the perfect place for visitors and locals alike to meet and mingle. A community is nothing if not inclusive and welcoming, and our mission is to spread positive vibes whenever possible. When night falls, a campfire brings everyone together under the stars with a fantastic view of the city. Supporting the local area financially is key. Reinvigorating the spirit that makes Bali and the Agung region so special is equally important.

We've also created a public campground — the perfect place for visitors and locals alike to meet and mingle. A community is nothing if not inclusive and welcoming, and our mission is to spread positive vibes whenever possible. When night falls, a campfire brings everyone together under the stars with a fantastic view of the city. Supporting the local area financially is key. Reinvigorating the spirit that makes Bali and the Agung region so special is equally important.

After an action-packed day, travellers can kick back under our gazebos. We've outfitted these areas with four hammocks apiece. These are perfect places to grab some rest. Visitors can rest assured knowing we've provided every amenity needed for an unforgettable excursion.
