An ecological, economic and social sustainability are guiding principles for our production. We are working to minimise our environmental impact, to make more efficient use of energy and materials and to create a good working environment. Our management system has been found to conform to the Quality Management System Standard: ISO 9001:2008 and ISO14001:2004

Morakniv® throughout history

Since the 17th century knives made in Mora have been used by people all over the world. The Mora knife has become one of the most famous symbols of Sweden and over the years it has evolved from a simple everyday concept to the established brand Morakniv®. Our knives are produced in Mora which gives us total control over the manufacturing process. A Morakniv® is designed to stay extremely sharp. The steel of the blade is heat treated in a secret process which ensures that every knife has a blend of qualities (sharpness, strength, flexibility etc.) which is tailored to suit its purpose.

Manufactured in Mora, Sweden since 1891

Our factory is located in Mora – just as it was a century ago. This is where we manufacture all our knives using a combination of craftsmen's skills and modern technology. Design, material and methods are all constantly refined by staff who have inherited generations of professional knowledge.

Morakniv® has always been a universal tool with unique properties. The durable steel is hardened in Mora using a secret recipe. The knife edge has a grind that ensures it remains extremely sharp under frequent use over a long period of time. The tapered profile, ergonomic handle, balance and feel, power and precision are qualities that make the knife a natural companion wherever you go.

Your Morakniv warranty lasts a lifetime

A knife from Morakniv is a robust tool that is meant to last. Morakniv guarantees any knife that we sell to be free from defect in material, construction or workmanship for the life of the product under normal use and following the care instructions. If the knife is defective due to materials or workmanship, we will repair it at no cost or replace it with a new knife of the same or an equivalent model.*

Morakniv is proud and well known for our high quality. Our customers shall feel confident in buying a Morakniv and that it will last for a long time under tough conditions.

*Read more about the terms of the warranty on www.morakniv.se.

New parts of your Adventure

Remember the childhood days. The moments in the woods when adventure always was close by. The times by the lake, where hours and hours were spent waiting for the fish to strike. The sparking fire while relaxing after a day outside in the snow. These are all warm sparks of history that inspires you to go outside in search of your next little big adventure.

No matter the size of your very own adventure, a reliable partner is always needed. In one of our knife models you can find just that. We have a knife for starting that fire, for cutting that fishing line or for batoning that log. With a Morakniv in your backpack, around your neck or on your hip you're more than ready to catch those memorable moments.

In our three outdoor news - Eldris, Kansbol and Garberg - you can find a knife for every occasion. No matter if you are the hardcore survivor, the discovering nature lover or the urban outdoor enjoyer, we have a knife for you. Because a Morakniv is more than just a knife, it's a part of you and your adventure.

Morakniv® Eldris

Morakniv Eldris is a pocket size fixed blade knife that will amaze you with its versatility. The knife has a precision blade and ground spine compatible with a fire starter. The Swedish stainless steel (12C27) is heat treated to highest quality in our factory in Mora, Sweden. The knife's compact design and allround convenience make you want to bring it on every outdoor adventure.

You can also take your Morakniv Eldris to the next level with the flexible neck knife kit containing a small fire starter and a paracord. It enables an even greater use of the knife. You can hang it round your neck with the multi-purpose paracord and make it even more safe to carry with the secondary lock. The minimalist fire starter is perfect for starting a warming fire or lighting a camping stove.

Morakniv® Garberg

Morakniv Garberg is a powerful full tang knife designed to perform the toughest tasks it encounters. It's the most robust knife we've ever made and the revolutionary new handle material is nearly unbreakable. The 3.2 mm thick blade is made from high-grade Swedish stainless steel (14C28N), treated according to our renowned recipe to make it even stronger and more durable. The blade has a Scandi-grind profile that makes it easy to keep sharp and a ground spine compatible with a fire starter. It is available in two sheath versions: One in exclusive leather and one with the highly functional Morakniv Multi-Mount.

Morakniv® Garberg

The sheath is made from 3 mm thick premium high quality black leather. It has a sturdy and generous cover that is easy to open and makes sure the knife stays securely in place. The back of the sheath has a belt loop from the same high-quality leather. This natural material is something that will look and feel better the more you use it. It simply gets better with time and is something you can enjoy for the rest of your life.

Blade thickness:	3,2 mm
Blade length:	109 mm
Total length:	229 mm
Item No. 1 pcs box/5 ctn:	12635

Morakniv® Garberg Multi-Mount

The Morakniv Multi-Mount is a versatile mounting solution that takes your knife use to the next level. It allows the knife to be mounted virtually anywhere you want. It is compatible with the MOLLE standard mounting system. It has strategically placed screw holes and slots for different types of straps. The knife is kept safe in the mount with a velcro strap. It allows a secure mounting as well as a fast and easy attachment.

Blade thickness:	3,2 mm
Blade length:	109 mm
Total length:	229 mm
Item No. 1 pcs box/5 ctn:	12642

Morakniv® Kansbol

Morakniv Kansbol is the ultimate allround knife. While in the woods, on a hike, hunting or at sea, it's the perfect partner. The Swedish stainless steel (12C27) is specially heat treated to enhance strength and long-lasting sharpness. The blade is profile shaped for added precision and the spine is ground so that it can be used with a fire starter. Combined with a firm, secure grip and superb feel this means that you'll never want to be without it, making your Morakniv a part of you.

Morakniv® Kansbol

The sheath is made of polypropen, a polymer that makes it rugged, and thereby provides an excellent protection of the knife. Both the knife and the sheath is symmetrical, which enables both left and right hand use. It also allows you to place the knife in the sheath from both sides.

Blade thickness:	2,5 mm
Blade length:	109 mm
Total length:	228 mm
Item No. 1 pcs box/5 ctn:	12634

Morakniv® Kansbol Multi-Mount

The Morakniv Multi-Mount is a versatile mounting solution that takes your knife use to the next level. It allows the knife to be mounted virtually anywhere you want. It is compatible with the MOLLE standard mounting system. It has strategically placed screw holes and slots for different types of straps. The knife is kept safe in the mount with a velcro strap. It allows a secure mounting as well as a fast and easy attachment.

Thickness:	8 mm
Length:	65 mm
Total length:	99 mm
Item No. 1 pcs-PinPac 5/ctn:	11859

Ergonomic handle in TPE makes the knife both comfortable and efficient to work with.

The handle is balanced to sit correctly in your hand, and features a neat grip that allows you to work with power and precision.

The unique, force absorbing tang extends $\frac{3}{4}$ of the way into the handle, making its impact resistance second to none.

Bushcraft Black has a DLC coating: a dark, hard, scratch-resistant coating of titanium oxide. It is very thin, only about 1,5µm. The coating protects the carbon steel from corrosion but it is not a complete protection. When the blade is made of carbon steel it must be cared for. Keep it clean and dry and oil the blade after use.

Companion Black Blade and Tactical have an ED-coating that gives the blade a dark colored layer, approximately 20µm thick.

Morakniv® Tactical and Bushcraft

Morakniv is the official supplier to the Swedish army and special forces of other countries. The knife blades are made of carefully selected high-quality steel. In some cases we use carbon steel, in others we choose stainless steel. It all depends on the intended use of the knife. The steel is hardened and tempered through a secret process that increases the durability of the knife and reduces the risk of corrosion.

Morakniv® Tactical SRT

The half-serrated blade is perfect for cutting rope and fiber, and the stainless steel with a black anticorrosive DLC-coating is outstandingly sharp. The spine of the blade is ground especially for use with a fire starter. It comes with a MOLLE-compatible sheath of heavy-duty nylon.

Blade thickness:	3,2 mm
Blade length:	109 mm
Total length:	232 mm
Item No. 1 pcs-box 20/ctn:	12295

Morakniv® Tactical

A first rate knife that is ideal for all sorts of field and outdoor tasks. The knife has an anti-corrosive black DLC-coated and a blade of high carbon steel. This combination protects the knife against corrosion as well as making it razor sharp. In other words: the knife is always ready to perform the tasks required. The spine of the blade is ground especially for use with a fire starter. It comes with a MOLLE-compatible sheath of heavy-duty nylon.

Blade thickness:	3,2 mm
Blade length:	109 mm
Total length:	232 mm
Item No. 1 pcs-box 20/ctn:	12294

Morakniv® Bushcraft Black SRT

It is sturdy, robust and the SRT model has a half-serrated blade - perfect for cutting rope and fiber. The stainless steel makes the blade easy to maintain, and the DLC-coating decreases blade reflections. The spine is ground especially for use with a fire starter. It comes with a polymer sheath, loop and interchangeable belt clip.

Blade thickness:	3,2 mm
Blade length:	109 mm
Total length:	232 mm
