

MORAKNIV[®]

Catalogue

Craft

Morakniv® has been granted Royal Purveyor by His Majesty the King of Sweden. To be eligible for a royal warrant a company must supply goods or services to a member of the Royal Family. These companies may use the Greater Coat of Arms to indicate that they are holders of a royal warrant. A Morakniv® is always a knife made in Sweden.

Morakniv® Allround 11

Morakniv throughout history.

Since the 17th century knives made in Mora have been used by people all over the world. The Mora knife has become one of the most famous symbols of Sweden and over the years it has evolved from a simple everyday concept to the established brand Morakniv®. Our knives are produced in Mora which gives us total control over the manufacturing process. A Morakniv is designed to stay extremely sharp. The steel of the blade is heat treated in a secret process which ensures that every knife has a blend of qualities (sharpness, strength, flexibility etc.) which is tailored to suit its purpose.

An ecological, economic and social sustainability are guiding principles for our production. We are working to minimise our environmental impact, to make more efficient use of energy and materials and to create a good working environment. Our management system has been found to conform to the Quality Management System Standard: ISO 9001:2008 and ISO14001:2004

Morakniv® Basic

We gave these knives an impact resistant handle with a new, larger, geometry that fits even better in your hand. The finger guard has been developed to optimize safety. The blades have a perfect balance between length and width, which gives a better experience when using the knives. The carefully chosen knife steel is also hardened in Mora, Sweden according to a secret recipe. The sheath is the same as the one accompanying Morakniv® Pro.

Morakniv® Basic 511
The blade is of high quality carbon steel that is easy to re-sharpen. Carbon steel can be affected by moisture and corrosive environments. Take therefore the habit of wiping off the knife and use oil on the blade after use.

Blade thickness:	2,0 mm
Blade length:	90 mm
Total length:	206 mm
ItemNo. 15 pack-display:	12147
ItemNo. 15 pack-display secured:	12428
ItemNo. 200 pack-bulk:	12319
ItemNo. 40 pack-bucket:	12320

Morakniv® Basic 546
Carefully chosen blade of stainless steel. Stainless steel stays sharp for a long time. It is the best choice when working in an outdoor environment.

Blade thickness:	2,0 mm
Blade length:	90 mm
Total length:	206 mm
ItemNo. 15 pack-display:	12241
ItemNo. 15 pack-display secured:	12430

Morakniv® Safe
A sturdy knife with carbon steel blade. The blade has a rounded safety tip to prevent injuries and provide a safe practice. The ergonomically designed handle is impact resistant.

Blade thickness:	2,0 mm
Blade length:	82 mm
Total length:	198 mm
ItemNo. 15 pack-display:	12244
ItemNo. 15 pack-display secured:	12430

Morakniv® Pro

This is the new generation of professional knives, made in Mora. In addition to the developed features for the base knives we developed an ergonomic handle made of TPE rubber. It provides optimum grip friction. The coil formed rounding of the handle is a pleasure to hold. The knife has a slightly larger blade, which can withstand higher loads and is made of knife steel which is also hardened in Mora, according to a secret recipe. The sheath comes with a smart button lock that makes it easy to attach or detach the sheath to your workwear. A shield, showing the traditional Dalecarlian weapon, also gives you the possibility of linking several sheaths.

Morakniv® Pro S
The blade is carefully selected stainless steel. Stainless steel stays sharp for a long time. It is the best choice when working in an outdoor environment.

Blade thickness:	2,0 mm
Blade length:	91 mm
Total length:	206 mm
ItemNo. 15 pack-display:	12242
ItemNo. 15 pack-display secured:	12430

Morakniv® Precision
Knife with short pointed blade ideal for all precision work from carving to remove burrs inside plastic pipes. The blade is made of carefully selected stainless steel that maintains its sharpness longer and can withstand a higher load on the blade.

Blade thickness:	2,0 mm
Blade length:	75 mm
Total length:	191 mm
ItemNo. 15 pack-display:	12247
ItemNo. 15 pack-display secured:	12438

Morakniv® Flex
Knife with a flexible blade for cable stripping, cutting rubber and silicone. Perfect to cut away the silicone joints in bathrooms and kitchens. The blade is made of carefully selected stainless steel that maintains its sharpness longer.
