

# Eldris LightDuty (S) - Dusty Blue

The new Eldris LightDuty is a reliable knife for your everyday situations. A small and flexible knife to store in your pocket or the toolbox.

The polished blade made of high quality Swedish stainless steel is 2 mm thick and 59 mm long. The barrel-shaped handle in polymer provides a secure and stable grip for each cut. The outer layer of TPE rubber provides optimal friction and ensures that the knife always feels right in your hand. The stainless steel is perfect for both outdoor and indoor work as it is not affected by moisture and oxides, as well as making the knife last longer. The knife can advantageously be supplemented with a belt loop. Eldris LightDuty is a knife you can count on, a tool for everyone.
