AWARD EDITORS' CHOICE SNOW 2014

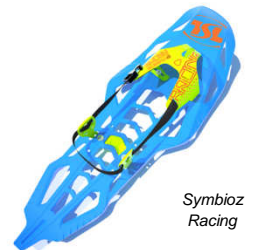

For those who do not yet know the Symbioz is undoubtedly snowshoeing the future!

Historically, the market has adapted to the structure of the field and the shape of the snowshoe. But today it is the reverse. With Symbioz is it that fits your approach and land in which you operate is not well ... The unconstrained with incomparable lightness, **outstanding grip** and a place of **all-natural foot**. You finally here in total harmony with nature.

This revolution in the world of snowshoeing is upon us. It is in this sense that TSL SNOWSHOES received in the **United States, AWARD EDITORS' CHOICE SNOW prestigious 2014 BACKPACKER** magazine and website . This magazine is a benchmark in the outdoor environment. " A radical innovation in the middle of the snowshoe making the Symbioz ELITE one of the best models that we have not seen" [Backpacker.com] .

This award reinforces our desire to progress to bring more innovation to consumers. Symbioz new models have emerged as such as the recently Symbioz Expert or **Symbioz Racing**, which will to talk about it very soon in the middle of the race snowshoe .
